Basket Ball Games—Incubators/Working Drama

The first of the Norway-South Paris basketball games will be held in the Norway gym, at 7:30 o'clock, Friday night. The winter sports team, under the direction of Guy Rowe, has been in training for two weeks. Although a rather small squad answered the call for candidates, most of them are veterans of one or more years and a successful season is anticipated.

The first setting of 672 eggs was placed in the new incubator, Wednesday, making a total of 2,016 eggs in the machine at the present time. The second hatch will be removed from the incubator next Wednesday.

The Commercial Club is working on the two act play "Let's Make a Budget" to be given in assembly in February.

## Fairs Association Entertained

Norway and South Paris Made Things Lively for Two Hundred Guests—Spirit of Optimism at All Sessions—Evening Banquet a Round of Pleasure and Fellowship.

One of the best conventions in the twenty years history of the Maine Association of Agricultural Fairs was staged at Norway, January 14-15. Everything was harmonious and a volume of real business was transacted. The program went through without a hitch in spite of a number of replacements. Those who were filled by volunteer speakers who fell into the get-up-and-go spirit which characterizes the officers of the Oxford County Society.

The convention was held in the Norway hotel, which was the scene of the first of the four days of the convention. The program was a round of pleasure and fellowship, with a variety of interesting and amusing features.

Bangor and F. E. Knowlton of Farmington, reported the officers who were elected by one half cent by Frank Blanchard of Farmington, as follows:

Pres.—E. W. Westcott, Bangor. First Vice Pres.—Dr. R. V. N. Bliss of Bangor. Sec.—S. Butler, Lewiston.

Bangor was the place selected for the next meeting in 1933. L. E. Morrill of Brunswick extended an invitation to Topsham fair, but the vote went ten for the former and one for the latter. Isaiah withdrew his motion and made the vote unanimous.

The West Oxford Agricultural Society at Fryeburg joined the association, making fifteen major fairs in the chain. The regular monthly meeting of the association, made possible by the new Maine fairs can help the dairy interests and increase premiums.

H. M. Tucker, chief of the Bureau of Animal Industry, veteran animal exhibitor, made a lecture on the importance of the question of admission price. This was further discussed at a meeting of fair officials.

L. H. Shibley, State 4-H club leader, complimented fair managers for an excellent house cleaning at exhibitions the past season, which greatly improved the quality and added to the desire of the general public for a representative show free from objectionable features.

In memory of the late Bert C. Wells of Waterville and Ed Ireland of Portland, who died in the line of duty, the minutes were spent in silence and with every head bowed.

The nominating committee, A. W. Steele of Presque Isle, E. W. Westcott of Bangor, and F. E. Knowlton of Farmington, reported the officers who were elected by one half cent by Frank Blanchard of Farmington, as follows:

## Gentlemen's Night

Norway Woman's Club Entertained at Grange Hall—Mrs. Margaret Eggleston Owen Spoke on Russia.

The Norway Woman's Club observed its annual Gentlemen's Night, Tuesday evening, playing hostess to the husbands of the members, or a guest whom they might invite.

The gathering was held at the Norway Grange Hall, the ladies of that organization serving a fine banquet. The table decorations were center bowls of cut flowers, and candles. A large flag was displayed at the head of the hall and all joined in singing "The Star Spangled Banner," which was followed by grace, said by Rev. Christian Greengrass.

Between courses, there was singing led by Mrs. Esther Anderson, with Mrs. Nancy Longley, accompanist. The President, Mrs. Helen Pentecost, opened the post prandial program with a brief account of the program of the Women's Club during the present Club year, among them, sponsoring the Red Cross roll call, sewing for the children, and other activities.

Hiram Johnson as reported in the same paper is after something bigger. He is going to make a little out of this. He has had some of the Southern American officials assisting in the Southern American company, known as the U. S. S. Columbia, obtaining a \$4,000,000 loan. That now of course isn't worth much. They admit they did it, but are sure it had nothing to do with the restoration of our 'old battleship' \$2,000,000. The United States Government has refused to disclose the correspondence. Johnson read a newspaper interview with President Olaya of said U. S. of Colombia and our Secretary Mellon advised him that the Columbia petroleum dispute had been settled. He said that the ship was in good shape and now it didn't want to say another word about it. But that Hiram was a Progressive of old Theodore Roosevelt time and he never told some one to

When Roosevelt was dead they voted to issue \$200,000,000 of Treasury and U. S. "Oil Babies" got the "oil" they wanted. It was natural that in time they could use more money and all that has been necessary in such a case is to open the "Golden Goose, which is the American people, who can pay anything for anything." ## Views on National Affairs

By R. L. Cummings

We have heard a lot about rugged individualism. It is a term often applied to our Insull, Morgans, Rockefellers, etc. It seems capable of including any man that claims the right to monopolize the earth, air and water as well as "oil". The Washington Herald says a special guard was placed around all Washington banks after three gangs walked into the Mechanics Savings Bank on East Capitol Street and walked out with \$14,000. That seems to be even more rugged individualism, but it is on so much smaller scale than other transactions that seem to be going on.

Hiram Johnson as reported in the same paper is after something bigger. He wants to know the facts about our State Department officials assisting the South American country, known as the U. S. of Colombia, obtaining a \$4,000,000 loan that now of course isn't worth much. They admit they got it, but are sure that it had nothing to do with the restoration to our "oil babies" \$2,000,000,000 oil concession. Our State Department has refused to discuss the correspondence between Johnson and a newspaper interview with President Olaya of said U. S. of Colombia and our Secretary Mellon where Olaya said Secretary Mellon advised him to settle that Colombia petroleum dispute. It all seems to have been done and buttoned up in good shape and now they don't want to say another word about it. But that Hiram was a Progressive of the old Theodore Roosevelt time and he means to talk some on it.

That should call to mind another oil excursion with this same so called government. When it was run by one Maroquin, who had been elected as vice president and soon after had the President arrested, who to be accommodating, as is often the way in these countries, died suddenly when the other fellow had the start. Then the vice president became President and kept the congress out of session for eight years, and then wanting money he called them into session and negotiated a treaty with our country to give us the right to dig the Panama Canal for which we were to pay them \$10,000,000. The congress and President Roosevelt ratified the treaty and returned it. Said dictator Maroquin had been advised (probably by Germany, who had her finger in every world dish at that time) that he could get the French (Delesep) works on the isthmus for which we were to pay \$40,000,000 if he repudiated the treaty that he himself had asked for. He did it. Theodore Roosevelt was the right man in the right place. He was not to be bluffed or fooled or bought. He at once informed them that it was all off and we would dig the Nicaragua canal. Panama at that time, had united with Colombia. They wanted that canal dug. They revolted, were recognized as an independent government. Got the \$10,000,000, and the canal was dug. Without graft and within the estimated cost.

The Panama Railroad and the road across the isthmus had been declared a world trade route and to keep Europe from taking possession our country had been obliged to guarantee orderly government on that route. Colombia sent soldiers there vowing that they would kill every Yankee on the isthmus, but Theodore was not to be caught in that way. A good ship with some marines such as gave the Germans their first lesson at Chateau Thierry went there able and willing to take good care of them if called upon to do so. So the matter was settled without the shedding of a drop of blood or burning powder. These typical S. A. politicians still wanted more money than they had, but as long as Theodore Roosevelt lived, the treasury was safe, even though some of our prominent Washington officials attempted to help them into it. When he was dead they voted Colombia \$25,000,000 from the U. S. Treasury and our "Oil Babies" got the "oil".

It was natural that in time they could use more money and all that has been necessary in such a case is to open up the "Golden Goose, which is the American people, who can always be approached through our great financiers, who will see that the Statesmen are to take the right view of the matter. So it seems this little \$4,000,000 loan, assisted by our State Department to be placed with our Bankers and sold out to their trusting customers was made to supply that want.

When I was a younger boy than I am now, we used to laugh at a noted fox hunter that went to stay for a week with an acquaintance that kept a public house. He and his dogs were accommodated with the best the house could afford. When he was going away he drew out his wallet and said, "By gall, Charles, there's a good silver dollar, and there's an old lead one. You can get that onto somebody."

What would our government be like, anyway, if it wasn't run in the interest of the fellows that furnish the great campaign funds?

P. S. A politician whose advise was supposed to be followed is reported to have suggested that in view of the million or so of the unpaid cost of our last presidential campaign, they should not raise any funds and let the people vote as they darn please. Wouldn't that be nice?

## Don't Get Up Nights

Make This 25c Test

You need this easy bladder physic to drive out impurities and excess acids which cause irritation that results in leg pains, backache, burning and getting up nights. BU-KETS, the bladder physic, containing buchu, juniper oil, etc., works on the bladder pleasantly and effectively as castor oil on the bowels. Get a 25c box (5 grain size) from your druggist. After four days, if not relieved of getting up nights go back and get your money. You are bound to feel better after this cleansing and you get your regular sleep. Locally at Lester V. ONCE MORE... Socony demonstrates its leadership in service to motorists. To prove its products again under severest winter conditions, Socony engineers went to Moose Factory and Cochrane in Northern Ontario, Canada... close to the shores of Hudson Bay... to a land of snow and ice so far beyond any highways that the test cars had to be taken in on a temporary single-track railroad.

There, in tests certified by the Tests and Contests Board of the Canadian Automobile Association, Socony proved its leadership. It

started 30% quicker than leading competitive gasolines!

Socony De-waxed Motor Oil—even in this cold climate—flowed freely and gave instant lubrication. And Socony Winter Gearcote required as little as eight pounds pull to shift gears.

Quicker starting, instant lubrication, easier gear shifting are only three of the things you get from Socony's new 7-Point Service to Winter-proof your car. The movement to have States cancel the debts due to them from foreign countries is gathering momentum as we go abroad. That the majority of our people will ever submit to such a thing is hardly thinkable. It would benefit moneyed interests and some others, but this would favor them at the expense of not the masses of the people but for a moment to be thought of as a part of national policy. Indeed it is a prophet to forecast the fate of the party that advocates such a thing.

For fifty years they have lived in North Waterford and have served their community well. On Thursday evening, Jan. 14, the members of Evergreen Rebekah Lodge, No. 15, and Oxford Lodge, No. 61, I. O. O. F., together with the relatives and friends of Mr. and Mrs. Hobson gave them a surprise party to celebrate the fiftieth anniversary of their marriage. A car was sent to their home for food and they were brought to the Odd Fellows hall where the party was held. There was a short program during which an original poem written by Mrs. Ellen Daverport, a former resident of North Waterford, was read. Mr. and Mrs. Hobson were then presented with some very useful gifts from the Odd Fellows, Rebekahs, relatives and friends. Refreshments were served after which the evening was spent in dancing. Mr. and Mrs. Hobson led the grand march as they were accustomed to do at dances many years ago. The residents of the whole community, together with many friends from out of town joined in extending sincere congratulations to Mr. and Mrs. Hobson.

Waterford Grange held a special meeting, Saturday, Jan. 16th, to install their officers for 1932. Kezar Lake Grange was invited to an all day meeting and a large number was present. The meeting was opened at eleven o'clock and at twelve, dinner was served to about fifty. In the afternoon at an open session the new officers were installed by Harry B. McKean assisted by Mrs. Stella McKean, Miss Iva McAllister, Mrs. Lebaron and Mrs. Irving Green.

Mr. and Mrs. Shirley Benson were in South Paris, Friday, guests of Mr. and Mrs. Stillman Barker. While there Mr. Benson exchanged cars.

Carl Sewell was up from Portland to see his little son, who was ill at Carroll McAllister's.

Mr. and Mrs. S. F. Barker and son, Francis, of South Paris, were guests at Benson's, Saturday night and Sunday.

The Benson family and McKean's attended the whist party at Fryburg Center, Saturday night.

Some have filled their ice houses, but had to haul it from the pond with trucks.

Holmes Gould's family are ill with the measles. The Harriman and Benson families are all over them.

S. C. Guplin was home from his work, surveying, over the week end.

Lloyd McGray is sick with the measles at Ezra LeBaron's.

This place was saddened by the sudden death of a much loved friend and neighbor, Mrs. Irving Beekler. She was laid to rest, Sunday, in the old family cemetery at Hunt's Corner. Round Mt. Grange has lost one of the greatest workers it has ever had or can ever have. She was a tower of strength and capability, one of the finest women we have ever known.

June Brown was home for a short time, Sunday.

June Penfold and Fred Record of South Paris visited her sister, Mrs. Ernest Brown, one day recently.

Mrs. Sarah Brown's bungalow caught fire, Tuesday morning, but prompt action saved the building. Some damage was caused, but no serious loss.

Henry Durgin is yarding his pulp on his lot in Albany.

B. J. Flint has more orders for peacocks from the South.

Roy Lord has been busy sanding the roads.

The startlings have all disappeared but two or three that live in the cupola of Ed Sheid's barn.

Ivan Kimball carried his sister, Lucie, back to Norway, Sunday.

Lee Lord, wife and little Mary, visited his grandmother, Mrs. Sheid, Sunday. He has been ill with a throat trouble.

Mrs. Morton Hobson, who has been sick with the measles in South Paris, was at home for a visit, Sunday.

Lewis Britton and family, who hired Mrs. E. K. Sheid's farm last summer, have gone to Greene for the winter, where he has employment on the farm of M. C. Howe.

Colvert Fullerton has been helping E. K. Sheid get out the pulp wood. They will get out their winter's wood this week, changing work.

## SOUTH WATERFORD

Edna, Ethel and Merritt Kimball have been sick, but are better.

Clyde Millett recently hauled Frank Billings' wood with Fred Wentworth's oxen.

Mr. and Mrs. Merritt Savin spent the day, recently, with their daughter, Mrs. Hazel Kimball and family.

Bion and Lewis Pike, Stanley and Agnes Brown, Norma Ballahan and Albert Muller all have the measles.

Harold Kimball is drawn on jury. Harry Haynes fell on the ice on Tom Pond and was unconscious for several hours. A doctor was called; he is reported as better.

Mrs. Marion Holden of Norway is assisting in the home of her parents, Mr. and Mrs. Bion Pike, during their illness with the measles.

Edwin and Lorin Gardner have been sick.

## EAST STONEHAM

Mr. and Mrs. Charles Chaplin were callers at F. B. McAllister's, Sunday.

Mr. and Mrs. J. C. Flanders and two children, Charles and Patricia, of Auburn, visited at Raymond McAllister's, Sunday.

Mr. and Mrs. Bert Kendall and Pauline spent Saturday evening with Lucy McAllister.

Virginia and Mary McAllister, Milton and Carlton Barker, Jr., called on Flora McAllister and at Raymond McAllister's, Saturday.

Henry McAllister has moved into Perley Grover's rent at the village.

Fernando McAllister has his ice cut and hauled.

John Barker and son, Carl, have been cutting wood for Errol Barker.

Monday was a beautiful day after the storm. The thermometer registered 78 degrees at eleven a. m.

## BOLSTER'S MILLS

Miss Rita Skillings sprained her ankle playing basket ball at school, North Bridgton.

They have had a hard time with the measles at Bartle Dresser's; his wife and five children all sick.

A. R. Clark and wife are visiting in Gorham at Rev. Stanley Carno's.

Mrs. Lawrence Lord and new baby girl are home from Bridgton, both in good health.

The Circle met at Mrs. E. L. Gay's last Thursday.

They are getting up a play to come off soon for the Grange.

A number attended the installation of officers of the Grange at Otisfield Core last Saturday, the 9th, in the day time, and Harrison in the evening. A nice time at both places.

## SOUTH ALBANY

School in the Clark District closed for the winter, Friday, Jan. 15th, one week earlier than was planned, on account of so many of the children being out sick with the measles. The six children of Mr. and Mrs. Robert Hill have all been sick with them, but are now on the gain. Beatrice Canwell also has had them, but is better. They seem to be going rather light in most cases.

Fred McAllister is working at Stoneham, yarding oak.

Mrs. Elbridge Bird and baby, Ida May, visited at Mrs. Ruth Kimball's last Thursday.

Ernest Brown did some shingling on his buildings last week. It seems rather unusual to have weather suitable for shingling at this time of year.

The farmers in this vicinity planned to put in their ice this week but it was found that the recent thaw and warm spell had spoiled the ice for a time. Ice that was eleven inches in a foot thick, is now only about eight or nine, and too thin for cutting just now.

Mr. and Mrs. Albert Cox have gone to New Gloucester for a short time to the same place where they worked last summer as Mr. Hodgman, the man they worked for, is sick.

Mr. and Mrs. Willis Littlefield have moved up to his grandfather's, Ezra LeBaron's, for the winter.

Fred Littlefield is hauling some of the birch that he bought of Merritt Savin, to Norway.

Harold Canwell called at Preston Flint's, Sunday.

Friends in this place were saddened to hear of the death of Mrs. Dora Beckler, which occurred at her home above Albany Town House last week. A good woman surely, gone to her reward and one that will be greatly missed by all who knew her, always ready to help those in need and with a cheery smile and pleasant word for everyone.

## HARBOR

Mr. and Mrs. Shirley Benson were in South Paris, Friday, guests of Mr. and Mrs. Stillman Barker. While there Mr. Benson exchanged cars.
